Overview 简介

哈佛中国论坛于1997年由李波先生与张黎刚先生在哈佛大学创立。迩来二十五年，哈佛中国论坛一直致力于促进中国与世界各国之间的理解与合作，立志为中国与海外有识之士搭建一座基于尊重与平等的沟通桥梁。每年的论坛峰会上，应邀出席的政、商、学、娱界领袖各抒己见，畅所欲言，探讨国际形势及中国未来的发展。经过二十五年的努力，哈佛中国论坛规模不断壮大，成为海外由学生组织的规模最大、历史最悠久的中国峰会。即使疫情肆虐国际形势不断变化，哈佛中国论坛依旧坚持初心，从未中断，力图通过对话与交流构建共识，开辟新局。创立二十五周年之际，哈佛中国论坛将回归哈佛大学校园，再次与五湖四海的朋友于查尔斯河畔相聚，共飨思想盛宴。

The Harvard (College) China Forum was founded at Harvard University in 1997 by Mr. Bo Li and Mr. Ligang Zhang. For the last twenty-five years, the Harvard College China Forum has endeavored to promote understanding and build a bridge based on mutual respect and equality between China and the rest of the world. Every year, the forum convenes leaders in politics, business, academia, and entertainment to discuss international affairs and the future of China's development. After twenty-five years, the Harvard College China Forum has grown into the largest and longest-running student-organized China summit overseas, with more than one hundred speakers and over a thousand audience members attending each year. Despite the ongoing pandemic and a continuously-evolving international situation, the Harvard College China Forum has remained faithful to its original mission of building consensus and discovering new areas of cooperation through dialogue.

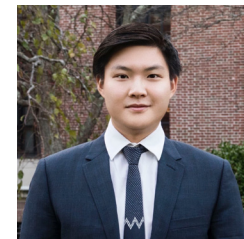

On the occasion of the twenty-fifth anniversary of its founding, the Harvard College China Forum will once again return to Harvard's campus, gathering friends from across the globe on the banks of the Charles River for a long-awaited exchange of ideas.

不凡岁月 砥砺前行

五十年前，时任美国总统尼克松访华，两个世界大国实现了第一次“跨洋握手”，成就中美外交史上的“破冰之旅”。随后《上海公报》的签署开始了中美两国互相尊重，合作共赢的新篇章。五十年后，北京冬奥会开幕式上，“冰雪五环”破冰而出的设计同样寓意着打破隔阂，携手共进。五十年来，世界局势经历了翻天覆地的变化，中国亦从封闭走向开放，并通过与世界各国的双赢合作，逐步成长为引领时代的大国强国。五十年间，虽然中美关系历经波折，但是两国间的合作不断加深，两国在经济、能源、科技、环保等诸多领域存在共同利益也不断扩大。

站在新的历史起点，放眼下一个五十年，但凡融冰初心不改，在不凡岁月中，亦可砥砺前行。中美两国民间的交流从未因时局的变迁而有所停滞。五十年前，非官方渠道的文化和民间外交冲破了两国意识形态上的分歧；五十年后的今天，中美学术、商业、文化、体育上的来往也必将成为两国共同前行的坚实基础与推动力量。

不凡岁月，挑战与机遇交织，冲突与共识并存。我们衷心期盼两国共担责任、同谋发展、砥砺前行。

Extraordinary Times

Fifty years ago, U.S. President Richard Nixon's visit to China broke the ice after two decades of hostile relations. Culminating in the signing of the Shanghai Communiqué, this diplomacy laid the foundation for a new chapter of U.S.-China relations characterized by greater respect and cooperation.

At the opening ceremony of the 2022 Beijing Winter Olympics, five Olympic rings emerged from the Bird's Nest stadium, rising steadily from beneath the solid ice floor and breaking barriers once more fifty years on. This past half-century has witnessed unprecedented changes for the world, with China taking major steps to open its economy and evolving into a leading global power. Although this relationship has not been without ups and downs for this past half decade, cooperation between the two countries has also deepened, and despite recent tensions, their interests—economic, scientific, technological, and environmental—remain deeply intertwined.

We are faced with challenge and conflict, but are not without opportunity and consensus. Indeed, people-to-people exchange between China and the U.S. has remained strong regardless of political circumstances. Fifty years ago, informal cultural exchanges and diplomacy transcended the ideological differences between the U.S. and China. Fifty years later, our exchanges in the academic, commercial, cultural, and athletic realms continue to push us towards closer ties. We sincerely hope that our two countries can continue to shoulder their responsibilities to each other and the international community and forge ahead amidst these extraordinary times.

当下，“中国经济奇迹”的未来面临着诸多挑战。国内国际双循环的经济结构仍需巩固，疫情反复也让高质量经济发展面临考验。国际层面上，中国正面临着俄乌局势与大宗商品价格上涨带来的潜在问题。

本场宏观经济主旨论坛将汇聚中美经济学专家，共同探讨当下时事对宏观经济环境的影响，以及中国应如何应对挑战并实现经济增长目标。

The future of the “China Miracle” faces numerous challenges. The domestic-international dual circulation system is still in its early stages of establishment. Domestically, a resurgence of COVID-19 cases and stock market turbulence have brought about economic uncertainty. Globally, China faces pressure from inflation and rising commodity prices, both of which have been exacerbated by the Ukraine crisis.

This panel brings together leading economists and investors from both the United States and China to discuss the impact of current affairs on the Chinese macroeconomic environment and how China can continue its economic growth.

Saturday April 16, 2022

新能源汽车在各国国家层面都已得到了广泛的支持。其中，美国政府声明称将延续新能源汽车购买的激励措施并增强充电基础设施的配置。在中国，支持性的产业政策、产品的多样性和持续增长的客户需求也不断推动着新能源汽车行业的发展。尽管如此，近期的国际政治动荡以及能源和原材料价格的飙升为电动汽车行业的未来发展趋势增加了多层不确定性。

本场新能源汽车分论坛将汇聚中美行业专家，就新能源汽车行业的前景、可预见的挑战和未来的机遇提供见解。

The electric vehicle (EV) industry has received broad government support around the world. In the United States, the Biden administration expanded the EV incentive program, issued favorable fuel-economy regulations, and allocated federal funds for building critical charging infrastructure. In China, regulatory bodies have continued to promote domestic EV companies, like NIO and XPeng, in accordance with the Party's broader "Made in China 2025" industrial policy. However, the global political instability caused by the Ukraine crisis and the surge in energy and raw material prices have created new reasons for uncertainty.

This panel welcomes industry leaders from the U.S. and China to discuss the landscape of the American and Chinese EV industries, foreseeable challenges, and future opportunities.

区块链的应用场景已逐渐丰富。单一加密货币已演化出 NFT、加密游戏、去中心化金融等多种形式与应用场景。尽管国内产业界早在2020年已对区块链技术表示肯定，但如今社会对其整体态度仍不一致。同时，国内有关政策也在逐步演化，例如，兼具加密货币特征的的数字人民币正被不断普及。

本场区块链分论坛将汇聚该领域的投资人、创业者及专家，共同探讨全球性去中心化技术变革，web 3.0的兴起，及其区块链技术对国际宏观经济的影响。

The blockchain has evolved in purpose and implementation from simple cryptographically-secured currency to complex programmable assets and art installations. China's fluctuating regulatory landscape on cryptocurrencies, however, leaves the future of blockchain in China ambiguous. What are the major regulatory and other adoption challenges that cryptocurrencies face globally? Will the digital yuan succeed, and will China reverse its mining ban? Will new technological breakthroughs in cryptocurrency—DeFi, NFTs, GameFi, L2s—affect China's stance? What does the rise of web3.0 mean for China in the context of international macroeconomics?

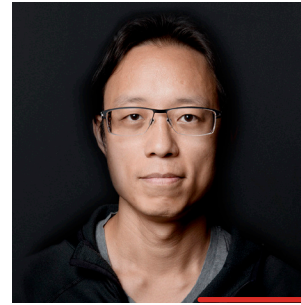

This panel will bring together crypto investors, entrepreneurs, and key opinion leaders to discuss the challenges ahead for blockchains and cryptocurrencies.

在尼克松总统访华五十周年之际，中美关系是否会有转机？俄乌局势将对两国与亚太地区的地缘政治有何影响？在民族主义抬头，对立情绪加剧的时代背景下，两国该如何重塑外交共识？中美将如何共克时艰，求同存异，合作应对全球问题？

本场国际关系主旨论坛将汇聚自尼克松总统任期以来深刻影响中美关系的外交官和外交政策学者，共同回顾过去五十年间中美外交中的经验教训并讨论两国未来需要携手面对的重要挑战。

Fifty years after President Nixon's historic visit to China, have U.S.-China relations reached a turning point? What implications does the Ukraine crisis have for the two countries and geopolitics in the Asia-Pacific region? How will diplomacy continue to evolve in an era of increasing nationalism and media bifurcation? How should the two countries balance seemingly unbridgeable differences and the need for cooperation on global issues requiring collective action?

This keynote panel will bring together diplomats and foreign policy scholars who have shaped U.S.-China relations since the Nixon administration to revisit the diplomatic history of the past 50 years and discuss forthcoming challenges that will require multilateral solutions.

Media/Entertainment Panel

Saturday April 16, 2022
19:00 - 20:00
Science Center Hall E

当艺术与时代碰撞的时候，时代总是那个驾着马车的人。电影和电视剧随着网络的崛起也改变了形式，在综艺和网络的推动下，不同的音乐风格也逐一占据主导位置。诸如街舞、相声、嘻哈、汉服等相对小众的艺术形式与亚文化在资本的推动下闯入了大众视野，伴随之的也是诸多短视频及自媒体的兴起。

本场文化与娱乐分论坛将汇聚文娱界各领域翘楚，共同探讨中国泛娱乐产业的国际化及中国各种艺术文化形式的改变与崛起。

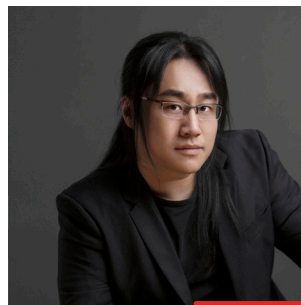

Art and entertainment are inextricably linked to the time and place in which they arise. Film and television, for example, have quickly adapted to the rise of innovative digital media in China. Through short-form video content and “we-media,” hip hop, street dancing, crosstalk, and hanfu have been transformed from niche subcultures into mainstream trends. Under these circumstances, how ought we go about critiquing artistic expression? How might we understand trends in the Chinese artistic sphere in the context of globalization? What steps can China take to better present its culture through art and entertainment, and what obstacles need to be overcome?

This panel brings together leading figures to discuss the global reach of China’s entertainment industry and the evolution of various forms of artistic and cultural expression in China.

贸易关系 主旨论坛

Trade Relations Keynote Panel

Saturday April 16, 2022
21:15 - 22:00
Sanders Theatre

虽然中美两国在2020年初达成了第一阶段的贸易协议，但美国对华关税税率仍处在数十年来的高位上。拜登总统近来恢复进口关税豁免的决定或许只能说明两国在网络安全及其他市场准入领域的更深层次争端仍未得到解决。

本场贸易关系主旨论坛将汇聚两国经济专家和美国前贸易谈判代表，共同解读当下中美两国的贸易关系。

Despite both countries reaching a Phase One trade agreement in early 2020, tariff rates remain at a multi-decade high. Biden's recent decision to reinstate exemptions to import tariffs is a step forward, but does not address deeper disputes on Chinese state capacity, cybersecurity, and market access.

This keynote panel gathers former trade negotiators and economics experts to discuss the next steps for resolving the trade war and the stakes of a resolution.
